# TRAINING's

IDMFS is dedicated to impart training to the aspiring students to save the life, save material and property by preventing fire incidents. The offered program in Fire & Industrial Safety Management diploma program is need of our leading to:

- Training improves SAFETY
- Training reduces FIRE LOSSES
- Training creates ESPRIT-DE-CORPS
- Training saves LIFE AND PROPERTY

Big industrial complexes and Govt. departments invest lots of funds for equipment's, apparatus, physical plant improvements, service award programs and much other worthwhile expenditure. All of this is wasted, if properly trained manpower is not available. A single fire/industrial accident in any establishment can challenge the existence of the unit. IDMFS (Institute Disaster Management & Fire Science) training program in Fire & Industrial Safety Management provides not only skills beyond fighting fire, but disseminate in-depth knowledge.

Fire Army Safety Solutions will give trainings as below mentioned for save the Life & Property...

- Basic Fire & Life Safety Training
- Portable Fire Extinguishers Training
- Fire Hydrant Operation Training
- Breathing Apparatus & Fireman Suit Training
- Novec 1230, Flooding systems Training
- Fire Warden Training
- Fire Panel Operation & Procedure Training
- Fire Alarm Panel interface Response – Cause Effect Matrix
- ERT (Emergency Response Team) Roles & Responsibilities Training
- Electrical Safety Training
- CMT (Crises Management Team) Roles & Responsibilities Training
- First Aid Training
- Disaster Management Training
- Kitchen Fire Safety Training
- Emergency escape techniques.
